

The ISIS / Naji Plan

*Reform Cannot Work. Only a campaign of
Savage Violence (The Mastery of Savagery)*

PHASE 1: “Vexation”

Distract and exhaust the infidel enemy and his allies. Emphasis on smaller dramatic operations (not 9/11s) to prepare fighting units for Phase 2

PHASE 2: “Spread Savagery”

Move to coordinated unconventional warfare to “dislodge” nations from local control

PHASE 3: “Administer Savagery / Consolidate / Expand”

- Stabilize held areas
- Unite population as fighting community
- Implement sharia and govern so establishing “base-state” used to attack and expand into neighboring nations. This is a new type of Hybrid Caliphate.
